Course Description
The course features current concepts and cutting edge issues in sports medicine. We will highlight various aspects of sports medicine including rehabilitation, medical, musculoskeletal, and surgical issues. Historical aspects of sports medicine in Philadelphia will be also be explored.

This course is directed toward athletic trainers, physical therapists, physicians, advanced practice nurses and physician assistants.

Course Objectives
Review critical issues faced by the sports medicine practitioner in the care of athletes. Provide the most recent advances in care to athletes at all levels of competition. Provide practical, interactive learning of evaluative and treatment techniques.

Accreditation/CEUs
3B Orthopaedics is recognized by the BOC to offer continuing education for certified athletic trainers. This program has been approved for 6 CEUs.

Registration Fee
$30.00 (includes breakfast and lunch.)

The Philadelphia Sports Medicine Congress

We are looking forward to this year’s program with excitement. The Philadelphia Sports Medicine Congress will once again feature a distinguished faculty. We will continue the tradition of honoring an outstanding team physician and athletic trainer with our Joe Torg and Ted Quedenfeld awards. This year’s Torg award winner is long time 76ers physician Jack McPhilemy. Pennsylvania Athletic Trainer’s Society president A.J. Duffy is our Ted Quedenfeld award winner.

A new component this year is the section titled “Current Topics in Sports Medicine Research”. We anticipate that you will appreciate hearing from local experts on the cutting edge of sports medicine research.

Our goal in bringing these speakers together is to offer a program that is useful and practical for you, to the participant. See you on June 3.

Arthur R. Bartolozzi, M.D.
Course Chairman

Cliff Fawcett, FNP, ATC
